GRAND HOTEL CENTRAL

Inaugurated in November 2005 this hotel fast became an icon of the old city, thanks to its situation at the heart of the Gothic Quarter and the Born. With generously proportioned communal spaces, sensational views and a soothing atmosphere that leaves the bustle of the city outside, it represented a new concept in luxury five-star hotels. 147 rooms, a restaurant offering a fresh spin on traditional Catalan cuisine, events rooms overlooking ancient city walls, a small wellness centre and a detail orientated team dedicated to ensuring every guest gets the most out of their stay, it is now firmly established as one of the best places to stay in the city.

HOTEL ÚNICO

Centrally located in a 19th century palace in the upmarket neighbourhood of Salamanca the Hotel Único Madrid is perfectly placed for getting to know the capital. It has 44 bedrooms and suites, a private garden with lounge area, private parking, meeting rooms, a library, massage room and gym, and plenty of striking details that make the place pop. In the garden, accessed via a shimmering glass cube, is the entrance to Ramón Freixa Madrid. Freixa's passion for seasonal cooking has earned him many accolades over the years for dishes like 'tomatoes in summer textures' and his innovative winter truffles. The restaurant has two Michelin stars and earned the Madrid Fusion award for best restaurant in the city in 2011.

THE PRINCIPAL MADRID

Inaugurated in January 2015 this property quickly became the most emblematic five-star hotel on the Gran Vía. 76 elegant bedrooms and suites, fine dining directed by Catalan star chef Ramón Freixa, which garnered it one Sol Repsol (the Spanish answer to Michelin) and a classical cocktail bar, combine in a harmonious whole that is part loft, part modern day club within a hotel that retains all the glamour of a bygone era thanks to careful preservation of the original architectural details of the 1917 building. The terrace, now bursting with plants, olives and cypresses, allows guests to soak up the sun on the solarium while enjoying some of the best views, and sunsets, in the city.

FINCA SERENA

Set amid 40 hectares of pure, Mediterranean flora – olives, cypresses, lavender, lemon trees, pines and 10 hectares of local grapes: Callet, Prensall Blanc, Giró Ros and Monastrell – this is a place where nature roams free and guests get to rediscover the best version of themselves. A series of trails invite explorations beyond the gardens and vineyards out into the forest, the aromas and flavours of land and sea create a wholesome and natural cuisine, and 25 elegant bedrooms spread across several stone buildings, are simple, warm and inviting. Seemingly sprouting from between

olive trees and palms, a Spa of more than 250m² shows off infinite views over the Pla de Mallorca, where a wide range of therapies and treatments using Natura Bissé products are complemented by yoga classes, hammam and sauna, or the chance to relax by the heated indoor pool listening to the crackle of a real log fire.

MAS DE TORRENT

Mas de Torrent Hotel & Spa is cocooned within the walls of an 18th century Catalan farmhouse and its recent renovation oozes calm, glamour and exclusivity inviting guests on a journey to happiness. With 39 suites - the best of which have private pools - surrounded by mature gardens and intimate terraces, this is a place where guests can soak up the very essence of Mediterranean living in a deeply intimate and serene environment. It has also dedicated 600m² to physical and inner well-being. MasSpa has four cabins offering Natura Bissé treatments, a sun terrace, hammam, sauna, water zone, fitness room, relaxation room and a heated indoor pool making it one of the best, full-service spas in the Empordà. Located just 100km from Barcelona it's also mere minutes from some of the loveliest medieval villages in Catalonia, aromatic forests and the pristine coves of the Costa Brava.

THE LODGE

The Lodge emerges from a 120-hectare estate in the heart of the Sierra de Tramuntana as a vision of loveliness. Surrounded by lavender fields, almond and carob trees, century-old olive groves, vegetable gardens and fruit orchards, this private reserve offers a new concept in luxury escapism – one that is defined by calm, elegance and a respect for nature and ancient land management.
