### The Lodge Mallorca Exclusively

The Lodge Mallorca offers far more than a setting for the ceremony. Surrounded by nature and the island's largest lavender fields, the hotel blends organically into the Mallorcan landscape, with the Serra de Tramuntana as its breathtaking backdrop.

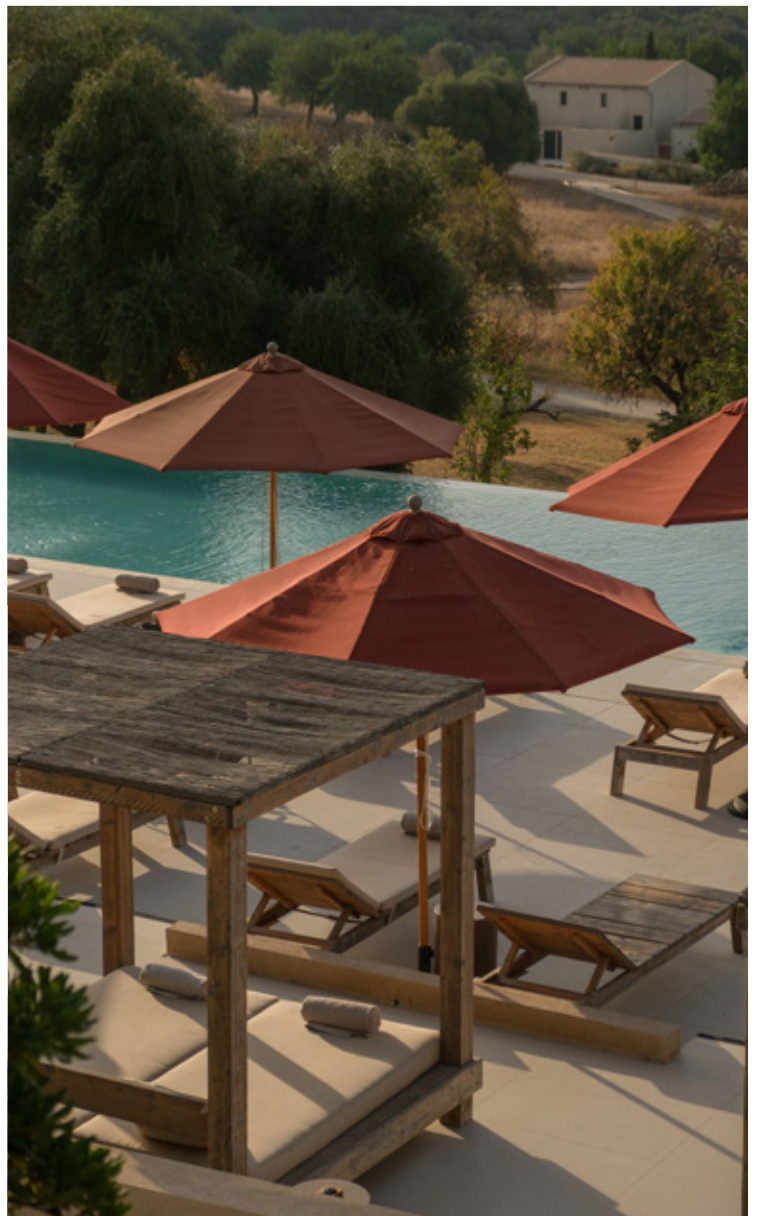

Its 24 suites, spread across the estate, combine contemporary design with natural materials, creating an elegant and welcoming atmosphere. Some feature private pools, while all ensure privacy and comfort for guests.

The hotel also offers a wellness area, an outdoor pool, and spaces designed for relaxation, where the surroundings invite guests to slow down and enjoy the open air. Its location allows for a perfect balance between the calm of inland Mallorca and excursions to the Serra de Tramuntana or the nearby sea.

Singular Restaurant pays homage to La Cocina del Fuego with a culinary concept rooted in the land, cooking over open flames using wood from our own trees.

The Lodge Mallorca is, above all, a place to host unique weddings, where every detail is connected to an authentic Mediterranean landscape, among lavender fields, serenity, and natural beauty.
