MALLORCA

Mallorca is an island best savoured slowly. Beyond its winding country roads, vineyards and honey-coloured stone villages lies a coastline of hidden coves, crystalline waters and secluded corners whose beauty can only truly be appreciated from the sea.

From Finca Serena, we invite you to discover a different side of Mallorca aboard our De Antonio Yachts D28 Open. Combining elegance, comfort and performance, this exceptional boat offers a unique opportunity to explore dramatic cliffs, secluded bays and untouched landscapes beyond the reach of the island's roads, while experiencing the Mediterranean from a privileged perspective.

Let the gentle rhythm of the sea set the pace as you uncover sea caves, hidden beaches and some of the most breathtaking scenery along the Bay of Alcúdia. Every detail has been carefully arranged to ensure a seamless and memorable day on the water, including a private skipper, a gourmet picnic featuring local produce, towels, snorkelling equipment and paddle boards.

A day designed to reconnect you with the true essence of the island.
