NORTE DE ESPAÑA

Events and Celebrations in the best-kept secret of Northern Spain

SMALL LUXURY HOTELS OF THE WORLD

THE IDEA

When the setting changes, the conversation changes

A gathering can bring together the same people around the same table. But when the place changes, the pace changes.

Conversations change.
So does closeness.
Because stepping outside routine also means making room for what truly matters.

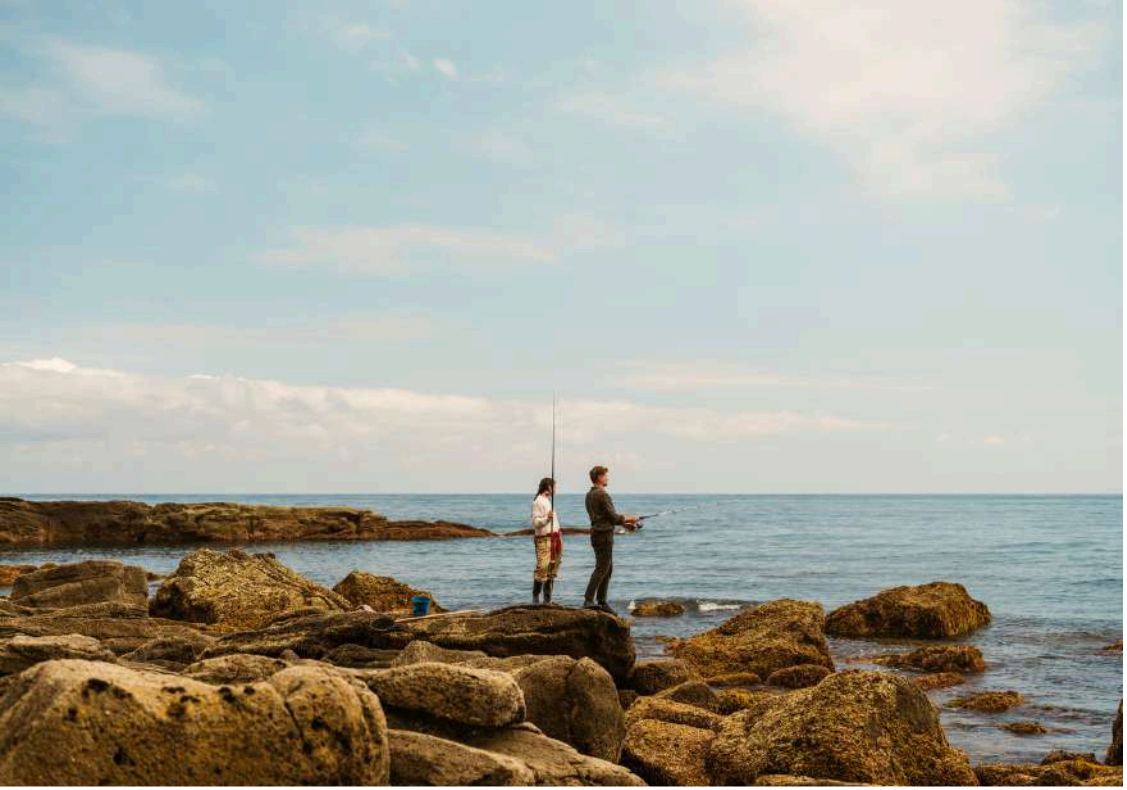
Some gatherings need a space. Others need a destination.

THE DESTINATION

The place that changes your perspective: Northern Spain

Northern Spain is, by its very nature, a setting capable of inspiring a truly unique gathering. Here the sea is not a postcard but a powerful presence. The mountains rise without warning behind the meadows, and the landscape reinvents itself with every bend in the road.

Unlike the Mediterranean cliché of endless sunshine, in the north luxury has a different temperature: that of a misty morning over the Picos de Europa, that of cider poured in a centuries-old cider house, or that of a table shared over Asturian produce. An authentic destination that has lost none of its ability to make an event truly memorable.



EXPERIENCES

The North as an experience

When the landscape changes, so does the way you connect.

Here, no gathering is simply a list of activities on a programme — it is the chance to experience the north alongside the people who matter, whether as a team, as a family, or surrounded by wedding guests. An Atlantic territory, green and genuine, that naturally brings together **sea, mountains, sport, culture and gastronomy.**

A bicycle ride to the lighthouse in the first light of day.
A morning's work with a clear head and a clear view. An afternoon feeling the full force of the Cantabrian Sea.
A moment of quiet calm at Xana Spa.
A dinner shared around the very best of Asturian produce.

PALACIO DE LUCES

The North, in a single place

Set in Luces, beside the fishing village of Lastres, between the Cantabrian Sea, the Sierra del Sueve and the Picos de Europa, this sixteenth-century palace combines the elegance of a historic residence with the sheer scale of the Asturian landscape.

To celebrate here — a wedding, a board meeting, a birthday — is to choose a destination away from the beaten track. A place where the landscape is not merely a backdrop but the protagonist of everything that happens. The northern light, the whisper of the gardens and the unhurried rhythm of nature accompany every gathering, so that the lasting memory is shaped not only by what is experienced, but by the place where it happens.

GASTRONOMY

The North can also be found at the table

Gastronomy at Palacio de Luces pays tribute to the land and to local produce through two offerings, each tailored to the scale of the event:

EVENTS FOR UP TO 25 GUESTS
Tella Restaurant · Chef Francisco Ruiz

Created by the Tella kitchen team, this customisable menu pays homage to the culinary richness of Northern Spain, with contemporary cuisine rooted in the land and faithful to tradition.

Palacio de Luces forms part of Mesas de Asturias — Gastronomic Excellence, and our chef is an Ambassador of Landscape Cuisine, championing the connection between produce, land and Asturian culture.
